

Report comments Summer 2021

RECEPTION

We're so pleased with what has been said about them and all their progress throughout the year. They are working so hard and continues to at home and it's lovely to read. We have taken note of what can be focussed on over the summer and we will continue to help them so they can be even more prepared for going into Year 1.

I know they have enjoyed their time in reception and it's always so nice to hear about what they have been up to or about their friends.

Especially nice hearing such lovely comments from them about their teacher/teaching assistants. Sounds like they have made some great bonds and I know they will miss seeing everyone.

Thanks to everyone for such a fantastic year considering there has been so much going on and with home schooling and getting back into everything.

Thank you so much for a lovely report. They absolutely love school and learning and has enjoyed being in their class so much. They always talk about their teachers at home and what they have helped them to do. You all made home learning at the beginning of the year so much easier with all the activities and they enjoyed the lessons so it wasn't hard to encourage them to join in. It does make me smile too when I think of their little voice every day saying "I can't see you" :-). I am sad the year has gone so quick and it's almost the end of reception! Thank you all so much for everything you have done to encourage and help them. They will miss you all.

We are absolutely thrilled with the school report - thank you so much! Their teacher has been fantastic. Starting school when the world is upside down was really nerve racking for us as a family but their teacher has always had great communication with us and I know they loved having them as their teacher this year. They have been fantastic supporting them when issues with their sight came up and moved them to sit at the front straight away in case they were struggling to see from further back. We have seen them grow and grow in confidence this year and we couldn't be more grateful for the teacher and teaching assistant for playing a huge part in this!

Thank you for being such an amazing reception teacher. Our child has absolutely loved being in your class and I couldn't think of anyone else that I would rather have as her teacher. Thank you to both teaching assistants also. You've all made this hard first year a joy for our children and you should be really proud. Thank you.

Our child has had a fantastic first year at school in reception. They have made many friends and always talk about how much they love school. I have been amazed to see the progress they have made this year especially during a pandemic. Their reading and writing especially and we really enjoy hearing them read at home. We would like to give special thanks to their teacher, and teaching

R cont/...

assistants for their amazing support this year. My child always speaks highly of them and on tapestry I can see how hard they work within school to aid the children's education. Also the support we received during lockdown was fantastic and the teachers were brilliant at communicating in a very strange way and kept our child engaged throughout. Getting to actually see what they were taught also helped us to support their learning at home too. The constant feedback on tapestry also is great as I can still see what they are up to. Thank you very much for a great first year of school.

Thank you for all the help and support you have given our child and ourselves over this challenging first year of school for them. They have enjoyed going to school and comes home happy everyday, filling us in with all their adventures they have had that day and what new things they have learnt. And takes great joy in teaching us, for example finger knitting. It's been lovely to see them grow in confidence with more self belief and being able to be more independent in their physical and thought processes. We will continue to work on their reading, writing and fine motor skills, with all the resources you have provided for us over the lockdown periods during the summer holidays. Thank you again to yourself, and all others involved with our child.

I am very pleased with the report and the progress they have made this year. They have absolutely loved their first year at school and will miss you very much. I can't thank you enough for everything you have done during this challenging year.

Our child has had a fantastic first year at school in reception. They have made many friends and always talks about how much they love school. I have been amazed to see the progress they have made this year especially during a pandemic. Their reading and writing especially and we really enjoy hearing them read at home. Thank you very much for a great first year of school.

I am just so grateful for all the work you have done with our child, all the help whenever we needed it, they have improved a great deal since they started with you last year. I can not thank you enough for all your hard work.

My child has had an amazing time in reception. I was so pleased to read their report and really appreciate all the detail and positive comments. It really felt like a lot of time was taken to give me a

R cont/...

really nice summary of their year. Their teacher was an absolute superstar on teams during home learning and really kept them engaged. I just want to say a huge thank you.

We are so so proud of our child upon reading their report. They were very shy when they first started and now is so much more confident. They have thoroughly enjoyed their time in reception and has really enjoyed having their particular teacher. They have learnt so much and is progressing so well. They have also made so many lovely friendships. We can't thank you enough for all of your hard work during the current pandemic including the online classes.

We would like to thank you very much for your effort and contribution to our child's education. They have had a great first year in school. They were always happy when they went to school. They talked a lot about school, their friends and favourite teachers. We notice how many things he learned this year. Thank you for everything.

We were thrilled to read our child's report. It is clear that their teacher has got to know them really well and the detailed comments gave us a great insight into their achievements at school. We are very grateful for the time and effort that has been put into the end of year report and it really helps us to know how to support them as they move into Year 1. Despite a really unsettled year, we can see that our child has made great progress and we have loved finding out about all of the things they have done at school. The use of Tapestry, home learning activities and online learning alongside their time in class have all been managed so well. Thank you to all involved!

YEAR 1

With such an unprecedented year with us being taught remotely for a large portion, I think as a school and as individuals you have delivered a high quality learning environment for the children. I do not feel my child has missed out or needs to "catch up" in the slightest. You have provided support for us returning back and always had the children's mental health and indeed the parent's anxiety at the forefront. Their teacher and TA have always taken an interest in the children's home lives, siblings, pets etc when we were suddenly in everyone's living rooms! I think the homework and spellings were delivered in a manageable way. You have provided us as a family with support that was unfaulted and we cannot thank you enough. Each message we sent, each reassurance we asked for you provided to us. We are beyond happy with how well our child is reading and is currently reading books by Roald Dahl independently and would like to help progress them further during the summer holidays. We are signing up to the Summer Reading Challenge and will continue to use Numbots and Rockstars and is going to make a head start on their year 2 exception words. We will continue to work on their confidence during the summer holidays too. But really I don't think we could have asked for a better school and we are so happy with how you have handled such a tricky situation. We know we have made the right choice with our other child starting in reception too. Well done to each and every one of you.

I am so happy with how much time and attention the teacher has given my child throughout year 1. They said they have been 'The best teacher ever' I am super happy with their learning progress and growth of knowledge in all subjects. So a massive thank you to their teacher.

I'm so pleased with how well year 1 has gone for my child, it's been such a challenging start to school life. But with ease I feel the staff have all done a marvellous job with settling the children into educational activities. It's been fantastic to read how amazing they are doing in their learning. And they love sharing their knowledge and new skills. Thank you to everyone involved.

Thank you to our child's teacher so much, for all your hard work, my husband and myself truly appreciate everything you do on a daily basis. I can't imagine how difficult it must be especially during such a tough year. Thank you so much for helping our child to settle and feel welcome in a completely new school. Although they may enjoy home time and lunch time they absolutely love going to school and is going to miss you as their teacher!

Thankyou to you our child's teacher and TA. They have loved being part of your class this year, we at home have noticed such a difference in them even with having so much time off. They come home and loves to tell us about what they've been doing and learning about. We appreciate everything you've done this year and know it hasn't been easy for anyone but our child has definitely had a lovely year with you both so thanks again.

Thank you for the report, it is great to hear that our child is doing well, and that there are not any concerns for next term. It is also very reassuring to know that their home schooling has benefited them, so thank you for mentioning that in the report.

What a delightful report, we are so pleased that our child is progressing well and enjoying life at school. They have had a wonderful time in Year 1. The feedback from school is consistently positive, they will often tell me about what they have learned during the day and always with bags of enthusiasm! May I pass on my sincere thanks to their teacher and TA for keeping the children engaged in what must have been an incredibly challenging year.

We are pleased with our child's report and they have certainly enjoyed being at school. We hope they continue with some great learning experiences in Year 2. Thank you for superb teaching throughout a very difficult year for all.

We are happy to hear how well our child has done over this last year, especially after all the changes due to COVID. Thank you so much for all your hard work, care and dedication throughout the year, it has been great to have the continuity of you all to provide a sense of normality during an uncertain time. I feel communication has been excellent and found online parents evening worked really well. Feedback received either via Dojo and on this report will give us things to work on during the summer holidays. Thank you all again!

I just wanted to say a massive thank you to the teacher and TA for taking such great care of my child. They have reached the milestones mentioned because of you both. You understood him and helped him and made him feel safe. They love school, they are apprehensive about year 2 but so is everyone and they have had the very best start . I couldn't be more proud or more grateful to you x

YEAR 2

I'm over the moon with their report, it's been an extremely challenging year with spending nearly 10 months at home schooling but all our hard work has paid off. Thank you to both teachers and his teaching assistant for all your help and support given to them. We are all going to miss their time at infant school. Many Thanks

Our child has progressed so much this year, even with the challenges of online learning they have still managed to learn a great deal of subjects. Credit has to be given to the school and the teachers for providing the ability to support to all the children's progress this year.

What a year! Thank you so much for making our child's school experience fun, they have loved having you as their teacher and you've been absolutely wonderful. We've seen how much progress they have made and has become so much more confident because you have been such an understanding, caring, kind and patient teacher. They have loved being in your class and we are all sad that they didn't get a full academic year with you. Thank you for delivering incredible lessons for home learning you made a very challenging task an enjoyable one, we were incredibly impressed with how you delivered the lessons so thank you for making a very stressful time for us all less traumatic. We all feel like you were the perfect fit for our child and that's why they have progressed this year so thank you for everything you have done. Thank you to the teaching staff who have also been incredible. Thank you

It has been a difficult year, your sacrifices don't go unnoticed especially with the remote learning. We noticed a great improvement in our child's confidence. We appreciate all the support and care you gave to all children in class.

Our child has really enjoyed their year 2 learning experience and speaks fondly of their teacher. As parents we couldn't be more proud of the work that our child has done so far and how much they have learned and improved during this year, considering the difficulties imposed by the pandemic. The school and the teachers were very well prepared to deal and to get through these difficult times. We would like to thank everyone especially the teacher for the all the hard work and dedication.

Our child has really enjoyed being in Year 2. Although they have at times found some things a bit challenging, we have given encouragement and support and they have tried to work really hard in all their school subjects. We have said to them that if they do find things a bit difficult that it is important to ask for some assistance. We have explained that not everything always comes easy and that everyone works and learns at different paces but reassured them that gradually things will start to "click into place" and they have found that to be the case with the perseverance they have put into her reading. We are very pleased with how our child has improved as the school year has gone on. They have also really enjoyed being taught by their teacher and TA and we have found them both to be very helpful.

YR2 cont/...

We are really pleased about how our child has settled into the school, the environment the school has created is welcoming and the learning style seems to have helped them make good progress. The communication forums used are excellent and the teaching resources to support home learning were well considered. The report is very clear, provided our child with a lot to be proud of and some stretch goals to help improve. They are excited to go into year 3 but sad to leave their current teachers who have made their transition into the school a very positive experience. Thank You.

My child's report is absolutely amazing this year, they have really tried at school so hard this year. They have really enjoyed it and that's all down to their teacher and teaching assistant. They have been super!! My child will really miss them. I am so grateful for the support they have had this year. It's brilliant thankyou
