

Year 3

Thank you for a great report. It's lovely to hear that my child is doing well and growing in confidence in all areas. Thank you for being part of that and for making Year 3 a fantastic year. Also, thank you for your support, patience and care. We look forward to Year 4 and are sure with such a good base to build on they will do very well.

Fantastic report, my child has really enjoyed the short time in your class and has truly learnt so much from you, my child comes home saying how they love the school, Thank you for all your hard work.

I feel my child's teacher has really got to know my child so personally even recognising the sass, the report was so thorough and full of information. My child will really miss her, Thankyou.

We agree with everything that has been said about our child. I wish they'd had the full year as we can see the improvements that have been made in such a short amount of time. Thank you!!

Thank you for the report. We, as parents, are very proud of how much our child has achieved during such a difficult year. Our child has admitted, they struggled during lockdown with home schooling but thanks to your support and guidance they did so well. Our child enjoys going to school and learning new things. Our child has good friends and good teacher at school. Thank you.

I am very impressed with my child's report, astonished at how they are above expected in reading and maths, extremely proud. Despite the year they had, the new kid in the block, has overcome their challenges and has shown resilience. I want to thank the school and specifically their teacher for all her support in times most needed.

I can honestly say I couldn't be more happy with my child's report. I hope my child continues to progress well into year 4.

We are so pleased with our child's report and think they have made great progress. I was so impressed with their writing when I was able to see it during the parent/teacher consultations. Our child's confidence has grown in their abilities this year and loves coming to school. Thank you to the teachers for being wonderful, supportive teachers. We will miss you both.

We appreciate all the support my child received this year, especially during the unusual circumstances we had. We were very pleased to read all the comments about the efforts in school.

We would like to thank you very much for your effort and contribution to our child's education. Our child is good and sensitive. We are happy that we received support at school. Despite some difficult situations for our child, they gladly went to school every day. Thank you for everything.

We feel that our child has grown so much in this class. They have loved being in the class and has loved having the teacher. We feel very lucky that she has taught both of our children. Thank you for everything you have done for our child this year.

So proud of my child and how far they have come I love that they are helpful and kind - exactly the same at home. I know at home my child loves to go to bed and read and that makes me proud. Wanting to read especially the book sizes, they will then tell me about the book, my child makes me proud everyday and they are so loving thank you.

I would like to thank all the teachers and teacher assistants that have supported my child throughout this year.

A huge thank you all (it never will be enough or show how much I am thankful for everything that you all have done for my child) for all your hard work, for all your feedback and replies when I message you so many times for everything and for nothing Thanks for all your support. I hope that you all have a lovely summer holiday.

Lovely to hear such lovely comments about my child and how well they have done in year 3

Fantastic report! So very proud of my child and all they have achieved in such an uncertain year!

I am so grateful for all the help my child has received in school, although my child does find things difficult in areas, they always try the best and will give it a go even though it may be challenging. I am so proud of how well they are getting on, and although we do work at home. The school has played a massive part into the learning. I am so humbly grateful to all the teachers, teaching assistants and staff for all their help.

It was nice to receive a full detailed report. It highlighted that my child is an avid reader

Firstly we would like to convey a huge thanks to all the staff for the tremendous effort they have put in through the year. The support given during lockdown was fantastic and really helped when my child was struggling to adapt to home learning. My child always talks so enthusiastically about lessons, in particular Ukulele and learning about the types of rocks. We are really impressed with the progress made this year and how they seem to have gained a lot of confidence, especially in maths and reading.

I'm very happy with my child's report, they enjoy school, thank you.

We couldn't be happier with our child's report! The education, support and nurture the teacher has provided has been consistently exceptional. I'm not surprised my child wishes the teacher could go with them to year 4.

The whole school is fantastic, in particular the leadership team Mrs Pedlow and Mrs Bell, who are experts in enabling the children achieve their potential, putting their education and well-being at the very heart of everything they do.

Mrs Flynn and the other office staff are also so friendly, polite and efficient every time I have contacted them! This year has been so good for my child, since moving to Toftwood they have thrived and progressed in every area but most importantly in their self belief. Thank you so much!

Thank you so much, for all your hard work especially during such a tough year. We appreciate all your help and support and are so pleased my child is doing well. Best of luck for the year ahead.

Very proud to read how well my child is doing.

We have worked very hard together to get this amazing report! My child can do it and we will continue to push to achieve their best. It's been tough as they have not been used to working this hard but now enjoys all the work set. We look forward to year 4 challenges and will support our child to do their best! Onwards and upwards, we are super proud of the child they are becoming! We are very pleased with our child's achievements this year. Our child's passion for arts and crafts always amazes us and the inventions they come up with at home.

What a wonderful report!

Lovely report, we are really pleased with the progress considering the year we've had.

It has been a difficult year for all x

Am really pleased to read how well my child is going and super glad that they haven't been impacted for her learning with lockdown and isolations. Thank you so much to all the teachers, who were all fantastic through an extremely challenging year.

Despite the many challenges that the past year has brought, my child has faced them all head on. My child transitioned well into junior school and has really enjoyed being taught by her teacher. Throughout Covid, my child has really embraced home learning. My child always approaches learning with great determination and a smile. I am very proud of my child's report and what they have achieved in the past year at both home and school. My child never fails to amaze me with the hard effort, kindness and caring manner. I'd otherwise like to take this opportunity to thank you for all the care/support given to my child during the time with you in year 3. My child now looks forward to moving into year 4 in September and the challenges it will bring! Have a wonderful summer.

Year 4

So pleased with my child's report as they have really tried hard thank you for helping them grow, they have loved having you as a teacher

Very proud mummy :)

Lovely report, my child has really enjoyed year 4 and loved the teacher. Despite the periods of home schooling my child has continued to impress family with their learning and being amazing at times table and reading.

After all the upheaval of lockdowns. I can't thank my child's teacher and other staff enough. They have given my child all the support they have needed and continued to help my child thrive. I will be sad to see my child leave year 4 but looking forward to seeing what year 5 brings. Thank you.

What an amazing thorough report! Thank you very much. I am extremely happy how my child has settled in and how they have been supported by the staff at the school. I wish I had changed schools sooner!

So happy with my child's progress

Lovely report

It's been lovely to read such brilliant feedback about our child. We are so proud with how our child has coped with the ups and downs of the past 18 months. Despite home learning being a challenge, my child did complete all the work required and finally started to enjoy reading which I am so excited about. It's no longer such a challenge to get my child to read books outside of school. It's wonderful to see my child is now working at expectations in two areas and I'm hopeful that my child will continue to improve in year 5. Thank you to the teacher for really inspiring my child and encouraging them when it was needed it most. You have done an absolutely amazing job in the most peculiar of circumstances and we are very thankful for you. I'm sure my child is really going to miss you and says you've been his favourite teacher. Keep on being amazing, and have a fantastic summer!

We would like to say a big thank you to our child's teacher and TA for all the help and support they have given our child throughout the school year. Our child has made excellent progress and enjoyed being in their class, my child will miss them both very much. My child's teacher has had such a testing first year at the Junior School. Starting a new job is hard enough but doing it during a pandemic must have been incredibly daunting! We are so very impressed with how the teacher has settled in. The online lessons in the spring gave us an insight into what happens in the classroom and the teacher's kind, confident manner and fun, engaging way of teaching makes you think they have been teaching for many more years than actually has! Because of this our child has absolutely thrived this year and developed a passion for school and learning. We really can't thank the teacher enough. The Toftwood Federation are lucky to have you. We would also like to say thank you to Mrs Pedlow, Mrs Bell and all other staff for their hard work regarding Covid. We realise it hasn't been easy for you and you don't always get positive feedback from the parents but we believe the systems put in place have been excellent. We really do appreciate your efforts to keep the schools open and everyone safe. We hope you all have a lovely, relaxing summer break. You certainly deserve it!

I was very pleased with my child's report, it is good to see they are doing well at school and that they enjoy lessons. Thank you for all the support you gave my child over the year, particularly during lockdown. I thought the way everyone adapted to home learning was amazing, teachers and students alike.

We are really pleased with the progress our child has made in what has been a really difficult year for everyone. It is obvious from the report that you really got to know our child, despite having spent several months teaching remotely, which is really important. Our child's confidence has grown enormously and has really enjoyed year 4. To quote our child "My teacher is the nicest teacher". Thank you.

It is so lovely to see my child thriving at school, as they did struggle with the idea of home learning. Thank you so much for all your support and keeping my child on target despite the tough year.

I think my child has improved and put the effort in as they enjoy going to school due to his teacher, Thank you.

We are so proud of our child and would like to thank the teacher and TA for their hard work for getting our child where they are, thank you again.

I am very pleased with the progress my child has made, not only academically but with personal, social and emotional development too. Their confidence has really thrived in KS2 and in particular this year. I am also impressed with how much my child's vocabulary and reading skills have come along too! I agree with everything stated in my child's school report and I am happy to hear my child has the opportunity to develop art skills at lunchtime. This is something my child really enjoys and talks a lot about at home so thank you. My child continues to enjoy school and is very happy. Thank you again.

Very pleased with my child's report and progress under the current circumstances. While there is no substitute for in class teaching, however, I feel the school has provided an excellent alternative via online learning and materials. Well done to my child and well done Toftwood Junior!

What a Wonderful year for my child so very very proud of you, fantastic report well done !!

I am pleased with the progress my child has made this year.

My child has enjoyed the time in year 4. My child worked incredibly hard during lockdown and seems to have made good progress this year, particularly in maths.

We are glad to see our child is doing well and working toward their goals

At the beginning of the year my child was anxious and they couldn't concentrate on doing their work but with the help of the teachers my child has done a 180 turn and I'm so thankful for everyone who helped. To see them improve so much emotionally and academically is such a weight lifted. I'm so pleased with the progress made with work and with their peers. Thanks again.

Thank you for the report, it was lovely to read and I know my child has loved being in year 4!! It's been a challenging year for everyone, but my child has loved and been engaged in school throughout and that is a credit to yourselves. Well done and thank you!

Thank you very much for your hard work and dedication this year. Every staff member has gone above and beyond to make the year as normal as possible. Our child talks enthusiastically about school and it was lovely to hear them talk so eagerly about making a puppet. Every week they would tell us what they had done and what was still needed to do.

We love hearing about my child and their schooling, always tells us about their art lessons

Fantastic report to receive. Happy to see the brilliant progress that my child has made. This especially goes to all the teaching staff that helped support during the weird year that we have had.

I have noticed how my child's confidence in learning (and socially) has really increased this year, despite the current situation. Thank you for all your hard work with supporting them and keeping them on target through another tough year.

Thank you for the ongoing support and encouragement. Hope you all have a well deserved summer break.

Our child finds learning fun and says you are both great teachers. I am so proud of their achievements and we have told them this. The report was very in-depth and informative, which was appreciated. I am surprised about my child's own comment re Maths and we will aim to help with some trickier questions at home. Thank you for all your support.

Lots of positive feedback with enough detail and areas to work on. I am very pleased with their fantastic progress over such a difficult year and it was lovely to receive a good news phone call.

Thank you it's nice to hear about my child's progress this year.

I am very happy, with my child's progress. I am pleased they were able to get back into the routine, and continue with her learning.

I am very pleased with how my child has coped this year considering all the problems we had at the start as well as going through the pandemic. The school has really helped with my child's confidence and the teachers have been really supportive.

Lovely to hear such nice comments about my child and that they are doing very well at school.

We are very pleased with how our child has adjusted back into school with everything that has gone on and pleased they are where they should be. I wish they would do more at home but it's not worth the hassle I get from it as we found in lockdown, so happy they have adapted back to working hard with you teachers. Thankyou for the support.

Thank you very much for our child's report. We are very pleased to hear that they are making good personal progress.

It's so lovely to see how our child has progressed through this tricky year and we are very proud. We also can't thank you all enough for the hard work you have put in for the children.

Thank you for such a lovely report. I'm very proud of how hard my child is trying.

We were pleased that our child has had another happy year in school despite the difficulties of lock down. Our child has enjoyed their time back in school, the routine and seeing friends. Our child seems to be making steady progress and we're happy they give everything a go. Thank you for being part of our child's school journey.

We are delighted to read our child's report. The teachers have brought out our child's strengths and their understanding of our child's personality has given our child the motivation they need. Thank you for a great year in unusual circumstances.

It has been a very tough year for our child and I know this has affected their learning as they have missed so much time. Hopefully they will be able to catch up over time and with the right support our child will overcome their anxiety.

It was lovely to read our child's report and I'm so proud of how they have managed this year. It's been a difficult year and we are both very pleased to see how they have progressed despite this, especially in maths and that they are happy in class. Thank you so much for the support our child has received through this time. Our child's love of reading and hard work has paid off. They have made some very close friends, and has really enjoyed the time in year 4. Our child was so thrilled to be part of the school council and is very excited to be moving up to year 5.

Year 5

Pleased with the progress my child has made!

We are very pleased with our child's efforts this year and the fact that the assistance they have received in the classroom has made such a difference. We hope this continues into year six and allows them to leave at the end of next year with a good set of skills. Thank you.

Thank you so much for our child's amazing report. We are very proud. Our child has had a great year and has loved being in your class. Our child has worked very hard and been interested in all the brilliant topics and has been keen to learn. Our child is always very keen to tell us happily all about the day when we collect. Thank you for teaching, looking after and supporting our child so well through this challenging year. Thank you for supporting families too. We really appreciate everything that you and the TA have done. Our child will miss you next year.

Our child has worked very hard this year. Many changes have occurred and in the midst of difficulties they have focused on improving themselves. Our child has become very disciplined at home. They come in from school have a snack and gets on with their work. It's been such a joy to see how they have changed this year with the right support. We can't wait for year 6 and what it has in store for our child.

Thank you for my child's report, I'm currently grinning from ear to ear and just so proud and happy on how well they are getting on in school. Was slightly worried they might have fallen behind a little due to covid but they haven't and I can't be happier on where they are. No doubt this is down to all the hard work and dedication that the teacher & TA have put in during lock down and I can't thank you!! So a massive thank you to you both 🙌😊

Our child has loved being taught in year 5 this year and the focus on mindfulness and wellbeing we feel has benefited our child both in and out of the classroom. It's was great for us to be able to have an insight into his classroom learning during home learning and to see the professionalism and care displayed. Also thanks to our child's TA who has really supported our child over the last 2 years, they have been so approachable and our child has really appreciated this. We're excited to see what the final chapter at Toftwood will hold.

We are so proud of our child and the level of enthusiasm they have kept up this year considering the pandemic. Our child has continued to progress and learn and this is due to the dedicated staff in school. Our child says that this has been the best year in school ever! We are hugely grateful to the teacher and TA for making our child feel comfortable and safe in school and to create a new normal that continues to help our children thrive.

Would like to say thank you for the supportive annual report for our child, we both felt that it was a true reflection on how hard our child has worked this year and we are both very pleased with the progress. Our child was very proud but also recognises areas that they need to work on like times tables. It's been a challenging year and we would like to pay thanks particularly to the teacher and TA for all their hard work.

Very pleased with how my child has been trying.

I'm very pleased with the amazing report, one proud mum :)

Amazing report.

My child has really enjoyed her time in Yr 5. My child's confidence has grown this past year and has made friends with some lovely children. We hope their confidence will continue to grow as they go into year 6 which will prepare for high school next year. Thanks for all your hard work.

Thank you so much for everything this year, my child has progressed really well and has really enjoyed the time with you and will miss you next year. A big thankyou also to the TA, for all the help too.

A very pleasing and positive report. I am pleased with the progress that my child has made during Year 5. I feel that the school year following lockdown was more positive for my child. They settled much better after the return to school and has been enjoying the time at school. My child seems enthusiastic about the school day and informs you of what they have been doing at school. My child is excited for Year 6, so hopefully this positivity will continue. I would like to thank the school and staff for your work during covid, the secure measures that have been put in place to safeguard the school and families and I have fully supported this. A Thank you to the teacher and TA, I know my child has enjoyed being in their class. Thank you for the supportive phone calls home during home learning, this was appreciated.

Very glad my child's year improved and that they are doing well.

It is nice to read that my child has matured and enjoyed school this year. With covid my child did lose a little confidence so I'm glad they are progressing well. Thank you for your kind support.

Very pleased that my child is doing well and is where they should be in their learning, full credit to their teacher as I knew my child wasn't doing as well as everyone would of liked at the beginning of the year. It's been a difficult year for everyone, fingers crossed for next year and my child will continue to make good progress in their learning and social skills.

Considering the year we have all had I am happy with my child's progress.

Fantastic report, we are so pleased with the ongoing support and care that has gone into my child's education this year. It's been a difficult and very different year to any school year yet, but my child has continued to strive in every way thanks to the amazing dedication from the teacher and all the support teachers. My child absolutely loves school and that is thanks to Mrs Pedlow for always putting the students as a priority and every teacher my child has had past and present. Thank you so much again for ensuring my child's schooling support and structure continued as strongly as possible during the unprecedented times.

So glad to hear that my child has worked so hard this year and has progressed very well with all that has gone on this year. I hope that year 6 will be a lot more back to normal as much as possible as I think this will really help with their confidence in class. Before Covid started they had been gaining confidence in the classroom and had started to become more chatty in class. Thanks for everything this year, my child has really enjoyed being in your class.

We would like to thank you for all the help that has been given to our child this year. My child has loved year 5 and will be very sad to leave his teacher and TA. We are really pleased with the progress and are very proud. Thank you.

We are really pleased to see our child does well at school, particularly in Maths where they previously lacked confidence. We will encourage our child to read more at home, as I know this will also help their writing and understanding of the text. Thanks so much for all your hard work and support through a difficult year.

Thank you so much for the support and kindness you have shown our child. You truly have understood our child's needs. Our child has absolutely loved having you as a teacher and so have we. We couldn't have asked for a more nurturing, kind and patient teacher and our child has achieved so much because of you. Our child has had a challenging year as everyone has but with extra challenges so for them to progress so much this year socially has been phenomenal to see. Thank you for continuing to support our child while we were home learning as that was incredibly challenging. We are thrilled with the report and to know that they participated in class is purely down to having the most incredible teacher as this is something that has always caused so much anxiety. For our child to trust someone is a big deal but you have built the trust and you've seen the potential and you've supported our child in a way that has suited and met the additional needs which isn't easy in a large class. The teaching staff have also been incredible with our child. Thank you.

It was lovely to read our child's report, we felt very proud and really want to thank the teacher, TA's and all the school staff for being so supportive, and extraordinary throughout such different and difficult circumstances. I believe it was not easy, but you all adapted, and helped the pupils adapt so well to different circumstances. It was a very difficult year, but you all worked it through to keep the children engaged and participating in continuing developing their knowledge and skills. You all should be very proud of how you have managed throughout this term and by keeping everyone safe. Thank you!!

My child has had many challenges both in school and at home this year but I feel they have benefited from attending school in the lockdown. I can see an improvement in their learning and confidence.

Thank you very much for a very comprehensive school report for my child. I'm delighted to hear they are improving in many areas of work. My child always comes home and tells me what they have been doing from maths to making, PE, music and art. I very much enjoyed following my child's home school learning from January to March, it was a good insight to what they have been learning and all the hard work involved in putting a school day together, I even learnt some new things too! I know my child needs to put more time into reading at home, and from this reading they will progress with their writing too. My child is a very empathetic child to everyone they meet and I'm glad this comes out in their character at school. My child has nothing but praise for the teacher and TA also, I can truly say this has been the best school year to date. Thank you. I know my child will miss being in year 5, but because they have this new confidence we look forward to all year 6 holds.

Lovely report glad to see my child has developed this year. Thankyou

Very nice to see the report and the improvement from my child, thanks very much for all the support to help my child.

Our child's teacher is an amazing teacher, it is clear to see that they understood my child and recognised their individual personality. We are so grateful for the support and recognition of the areas our child has required extra support in and how the resources have been implemented in to the class and their learning. We could not have asked for more, even while having to contend with a pandemic our child's teacher has identified, taken positive steps and changed our child's education from a struggle to a positive experience. As our child moves to year 6 they have a new outlook towards learning and a new found confidence. Thank you

We are very happy with how our child has coped with this year, they didn't find it easy but has tried their best and that is all that we can ask for. We are pleased with all the achievements and targets they have reached and is working towards. We appreciate all the support our child has been given this year and we will continue to support our child at home in year 6. We feel a fresh start without the long time homeschooling will help our child's confidence, behaviour and learning overall. Thank you again for all your support over this year.

We are so pleased and proud of what our child has achieved this year. It has been a rather difficult one but has taken everything in their stride and persevered. We are particularly pleased with their reading and how they have tackled the AR challenge! Our child has also made such progress with writing which is brilliant.

I just wanted to thank you for our child's school report, it was a delight to read and provided great depth and insight more so than we have ever had in school reports. Thank you so much for the support and guidance you have given our child this year. Our child has really enjoyed having you as a teacher and is really going to miss you. Thank You!

We feel that our child has really grown in this class and has enjoyed your teaching very much.

Year 6

Thank you so much for helping my child's progress.

Thank you for a great report. We are very proud of our child, with both their academics and personal growth and character. Thank you to the teacher for making Year 6 a fantastic year and for being part of preparing our child for the future. As our child heads off to high school we are thankful for each teacher, TA and staff member our child had in class or dealt with during their Toftwood School career who helped our child grow in all ways.

Thank you very much for all your support this year, it hadn't been an easy one.

I would just like to say a huge thank you to each and everyone through our child's time with you, you have all helped our child grown into a happy confident child, I would also like to say thank you to our child's teacher who has, over these last couple of months in particular, helped our child through some confusing and emotional times. I know our child is going to miss you all very much thank you

Thank you for helping my child through the year. Very proud of my child.

I would like to say a big Thanks for all staff who help and support my child in a last few years when my child had his bad time and a lot of health problems, Thank you all.

I'm very happy with my child's school report

Really pleased with my child's progress this year

Thank you for such a detailed report – it's so lovely to hear about my child's time at school in detail and the lessons my child enjoys.

Thank you all for all your hard work, you have made lessons both online and in real life, interesting and engaging and our child has always been very happy at school. We are very happy with this report and feel it reflects the effort our child puts in to everything they do. It's been great to hear how well our child has done and your positive feedback- thank you! You have provided stability and routine in a very uncertain time and we are very grateful. I found online parents evening efficient and hope you consider keeping it that way! Thanks again for all your hard work, we really appreciate it and am grateful for the experiences our child has had at school.

I am so pleased with my child's report and we are both very proud. Our child works so hard and to see the progress and achieve above expectations in some subjects and comments of the positive attitude is wonderful. Although the year hasn't quite gone to plan, I couldn't be prouder of how our child has worked through online learning. Our child has really enjoyed their time in year 6 and the whole of juniors. It's been a difficult time for our child this past year and thank you all for your continued support. Our child is very excited by the challenge of high school and somewhat nervous but I think they are very ready.

Thank you for your comments regarding my child, behaviour and development over this past year. It has been a challenging time, with the pandemic, and I'm not sure they would be where they are now without having you as his teacher. My child has enjoyed year 6 with you and I have loved being able to be a fly on the wall in your lessons, listening whilst learning via Teams. Thank you for all your hard work over this past year, for continuing to teach as if they were all in class with you and for challenging my child to achieve what we know they are capable of. 😊

Thank you for my child's lovely report and all the extra hard work you have put in throughout this challenging year. My child has enjoyed learning this year and is proud of what has been achieved. Thank you for helping my child grow and develop, we appreciate all you have done. Have a lovely summer.

My child's report was absolutely amazing again this year. My child has really enjoyed the time in yr6. My child has always been happy to go to school but has really loved the teacher, so massive thanks. Also during the lockdown, the learning taught the children was brilliant. My child will definitely miss you. Thanks again.

We are both really pleased with our child's report this year and how well they have done especially with the online learning. Thank you for all of the support that our child has received in year six & preparing for high school.

I'm really pleased with my child's report, they have enjoyed so much this year, thank you

Thank you so much for all your hard work this year! My child wouldn't love school as much as they do if it wasn't for all your hard work!

We are very proud of our child's achievements and thank you for supporting our child when they found things tricky. Our child's teacher was brilliant during lock down managing online learning and class teaching and always responded promptly when we had any queries. Best wishes to everyone that has supported our child during the time spent at Toftwood Juniors.

Very Positive report for my child and amazing that they are working at expected levels despite huge upheaval this year, this is partly due to the outstanding care and commitment of school staff who have supported my child throughout.

Lovely report for my child. Thankyou for looking after my child and helping them on their future journey.

Thank you for all your help with my child this year. I am so pleased that they have matured and have developed with their learning.

As we come to an end of another chapter in our child's life, I wanted to personally thank every member of staff from the infant school all the way through to the junior school who have helped my child to grow into the kind, thoughtful and academic young adult they are now. My child has grown so much from the education with yourselves and we couldn't have wished for better two schools to start the foundation of their education. I wish you all well for the future.

Firstly I would like to thank you for all the support and encouragement you have given my child over the past year. I am still amazed at how well both teachers and students adapted to home learning. I am grateful that their education was able to continue despite the difficult circumstances. I think you all did a fantastic job to keep the atmosphere of being in class alive for the children in order to maintain some sense of normality for them. A huge Well done to everyone who had to suddenly become a tech expert. Thank you. What a lovely report to read. I am always very proud of my child and how much effort is put into everything they do, but it is nice to hear acknowledgement of their efforts from someone else. My child absolutely loves school and just loves to learn but I accredit a lot of that to the teachers my child has had at Toftwood. All of the teachers have inspired and helped by making school interesting, which in turn makes my child want to perform the very best. I know my child has thoroughly enjoyed the time at Toftwood and that is all I could have asked and hoped for and now is looking forward to the next step in their education. Thank you the amazing foundations that you've put in place to prepare my child for later life.

We are so pleased with our child's report. Our child is doing very well in most subjects considering the last 12-18mths challenges, with the current pandemic. Our child is looking forward to starting the next chapter. We would like to say a big thank you to our child's teacher for doing an amazing job of continuing to teach our child and all the other children during these current challenging times. Our child has thoroughly enjoyed their time in year 6. We can't thank you all enough. Thank you.

Thrilled with my child's report. Thankyou for all primary school has taught my child. My child has enjoyed the primary years and we hope the next chapter of high school will be just as enjoyable.

Lovely to see that my child is making progress and working hard towards targets in all subjects . Impressed by the schools care and commitment of my child who has experienced a disrupted and unsettling period in their life.

We are so proud of our child's brilliant report. It's lovely to know they are well thought of in school too and tries their hardest in everything. During lockdown when they were remote learning, I was so impressed with the quality of work being taught, and our child showed me how hard they work. I see the bits of home learning that they do at home, but it was really good to see what goes on in class too. I love the fact the teacher has brought the best out in our child and always encouraged to try that bit harder to up level their work when writing stories. Our child has been learning Spanish for over a year now on Duolingo and has recently taken up French too, so I'm sure this will help enormously in high school. Thankyou to all who have been involved in our child's time at both schools, it feels strange that this is the end of an era and our child is the last of our family to go through the schools. Our child will miss junior school, but is looking forward to the next chapter.

I am very pleased with my child's report and extremely proud. Thank you for all your hard work in teaching my child and helping them to continue to progress.

I am very pleased with the progress my child has made this year. I hope it continues in high school. I am very happy with my child's report and thank you for all your hard work and support you have given.

I am very proud of how my child has progressed this year, overcoming many difficulties. My child's attitude to school is changing and with the new plans in place I hope they continue to progress.

We appreciate all the support that our child received at school with the transition from home schooling and the preparation for high school. We were pleased to read about our child's efforts at school.

I am so pleased at how well my child has done during this school year despite the lockdown and isolation period. Thank you so much to the teachers for all the support they have given my child in class and online. Even though my child had the time off during lockdown I don't feel my child has missed any education at all really, thank you so much.

Fantastic report for our child. We have seen a huge difference in our child's enthusiasm for school, compared to the Year 5 experience. Thank you. Our child has enjoyed the last year at Toftwood and found a new love for reading this year.

Thank you for maintaining my child's education in a difficult year. Not all schools provided such a good service and so for this I am particularly grateful. All three of my children have started their educational journey at Toftwood and I can only speak highly of you all. Thank you.

Thank you for your lovely comments about my child also thank you for everything you have done over the last year or so.

I'm pleased with the progress my child has made.

We just wanted to say thank you from the bottom of our hearts, we were absolutely delighted to read our child's school report, it actually filled me with tears. We know our child is a keen learner and very conscientious but it is the support, guidance and breadth of learning that you have offered that has really enabled our child to thrive. The level of insight and detail in your report was phenomenal, it is the best report we have ever had. Our child is really going to miss your class and the wonderful support the TA has also given our child in the selection of reading books she has offered. Our child tells me the TA is always running back and forth to the library. Once again thank you so much for everything you have done. We wish you all the best.
